Uppy's

Board Members:

February 3, 2005

This letter is to make certain that interested parties are aware that the curb cut egress/ingress proposal and project that is being proposed by Mr. Dale Moore on and around the 7307 George Washington Hwy properties, including our Uppy's Convenience Store, is enthusiastically supported, welcomed, and appreciated by our company.

We feel the benefits would be significant to all parties involved as well as the public for convenience and safety considerations regarding traffic in that location.

Please know that we fully in support of it and would appreciate your endorsement and approval greatly.

Sincerely,

Steven M. Uphoff, President
Uppy's Convenience Stores, Inc.
